   INTRO:   C     E/B     Am       C/G
            F     G       F    C   G    (RIFF1)

                   C          E/B    Am     C/G
     Bell Bottom Blues, you made me    cry
                        F                  G     F C G [Riff 1]
     I don't wanna loose this feeling
                        C     E/B          Am    C/G
     If I could choose     a place to die
                    F               G
     It would be in your arms

 A                        E/G#          F#m            D   E
   Do you wanna see me crawl across the floor to you
 A                        E/G#            F#m
   Do you wanna hear me beg you to take me back
       D      E
I'd gladly do it, because
 A                A7M/C#  A7    D                 E
 I don't want to fade  away -  Give me one more day, please
 A                A7M/C#  A7    D              E
 I don't want to fade  away -  In your heart I wanna stay

     F C G  [Riff 1]

              C        E/B     Am     C/G
     It's all wrong, but it's all right
                       F              G     F C G [Riff 1]
     The way that you treat me, baby
                    C      E/B       Am    C/G
     Once I was strong, but I lost the fight
```

```
                      F                    G
