LET IT GROW

```
      Bm                  F#7/A#
I'm standin' at the crossroads
A(13)                   E
Tryin' to read the signs
G             A              Bm              F#7/A#
   To tell me which way I should go to find the answer
     A(13)              E
And all the time I know
G             A               B
   Plant  your love and let it grow.

      B        F#/A#         G#m         B/F#
     Let it grow,    let it grow,
     E            B              A
     Let it blossom, let it flow.
     B         F#/A#          G#m         B/F#
     In the sun and in the snow
     E           B     A       F#
     Love is lovely,    let it grow.

Bm                  F#7/A#
Lookin' for a reason
     A(13)             E
To check out on my mind.
G         A               Bm                   F#7/A#
   It's so hard to find a friend that I can count on.
         A(13)             E
There's nothin' left to show,
G             A              B
   Plant your love and let it grow.
