

SMALL TOWN BLUES

Johnny Trouble (*Rainy days* - 2012)

INTRO: Em C G D

Em C G D
I grew up in a small town out in the country

Em C G D
I never had much and I was often hungry

Em C G D
My dad he died young and I had to be strong

Em C G B7
But I was a child that didn't get along

Em C G B7
I tried to get up but I always fell down

Em C G B7
This twisted society has dragged me around

Em C G D
You made me the man that I am today

Em
But I never wanted to live my life this way

INTRO: Em C G D

Em C G D
I had a bad reputation that never burned out

Em C G D
And the teachers in school they had no doubt

Em C G D
As they said I'm a loser and I won't get that far

Em C G B7
And so I dropped out of school and played my guitar
